Re: Response to Notice of Potential Liability at the Southwest Properties portion of Operable Unit Two of the Wells G & H Superfund Site located in Woburn, Massachusetts

Dear Ms. Scott,

This letter is response to the Notice of Potential Liability sent to Murphy's Waste Oil Service, Inc. by your office on June 2, 2014, regarding the Southwest Properties portion of Operable Unit Two of the Wells G & H Superfund Site ("Site").

As we have discussed, Clean Harbors is willing to discuss the Site with EPA, and is hoping for additional information on the Company's possible role at the site, beyond the detail that was described in your letter. We would appreciate the opportunity to meet with EPA Region 1 to further discuss Clean Harbors' possible involvement with the site.

If your team would be open to such a meeting, please contact me at (781) 792-5172 to make arrangements. I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink that reads "Timmery Fitzpatrick".

Timmery Fitzpatrick
